

## PARADE RESOURCES

This doesn't have to be an expensive endeavor! Creativity can easily surpass grandeur if you put your mind to it. The fact that this is a seasonal parade only makes your job easier because everyone has holiday decorations – lights, wreaths, trees, snowmen, bows. You'll be surprised at how many of the core items needed to decorate your entry can be borrowed from friends and members of your organization. To help with any additional needs, we have assembled the following list of businesses that can further assist you.

### Generators – Rented
